

This figure is a detailed topographic map of the Nakashima District (中島処理区). The map features contour lines indicating elevation, with peaks such as Mt. Tsurumoto (192.0m), Mt. Kamekura (140.1m), and Mt. Tsurumoto (192.0m). A network of blue lines represents the river system, including the Tone River (利根川) and its tributaries. The map is overlaid with several planning boundaries: a thick magenta line delineates the entire planning area; a dashed blue line marks the project area where sewerage improvements are currently underway; a yellow shaded region indicates areas where sewerage is operational; a red shaded region shows areas that will become operational as of March 31, 2025; and a green shaded region denotes areas not yet supplied with sewerage. A legend in the upper left corner provides the key for these symbols and colors. Various geographical features and infrastructure are labeled, including the Nakashima River (中島川), Nakashima Station (中島駅), and several schools and public facilities.

凡 例	
	全体計画区域： 事業計画(認可)区域内の 下水道整備完了以降に整備を 進めていく予定の区域
	事業計画(認可)区域： 現在下水道の整備を 進めている区域
	下水道が使える区域
	令和7年3月31日より 新たに下水道が使える区域
	未供用区域(整備済)
