

## Sun 4 to Sat 10 June is Dental and Oral Health Week

Inquiries: Dental and Oral Health Center ☎054-249-1012

### Do you have a regular dentist?

Instead of only going to the dentist when you have a toothache, it is important to see a dentist at least once a year in order to prevent cavities and gum disease. It has been established that dental and oral health are closely related to a long and healthy life.

### 30<sup>th</sup> Oral Health “Happy Fair”
