

1. Disaster Prevention Special Feature

1 September is Disaster Prevention Day. In order to act calmly in the event of a disaster, it is important to know the expected damages and the actions you will need to take in advance. Talk with your family and community and be prepared.

Inquiries:

Risk Management Division ☎ 054-221-1241

The Area Affairs Division at each Ward Office: Aoi ☎ 054-221-1343, Suruga ☎ 054-287-8683, Shimizu ☎ 054-354-2024

Confirm the Dangers and Evacuation Sites in Your Surrounding Area:

- Shizuoka City Disaster Prevention Information Maps (Japanese)

This website lets to confirm foreseen landslides and quake-prone areas in the city using a computer or smartphone, ensuring you are prepared.

<https://www2.wagmap.jp/shizuoka-hazard-sp/>

Know Where to Get Information:

Information is important during a disaster. The city uses a variety of methods to get you the latest information. Please utilize them to stay aware of the latest situation.

- **Disaster Prevention Email System (some English options)**

Register by sending a blank email to (siz-entry@tokyoanpi.sbs-infosys.com), and we will email you emergency information.

- **Shizuoka City Official LINE Account (Japanese)**

Local emergency information can be accessed by tapping “Shizuoka City Disaster Prevention Information” from the top page. https://page.line.me/?accountId=shizuoka_city

- **City-wide Speaker System and Over-the-phone Guidance System (Japanese)**

You can confirm the contents of the announcements with the Phone Guidance Service (☎ 054-269-5656; service fees apply) or on the city website. https://portal.bosai.city.shizuoka.jp/PUB_VF_Information

- **Disaster Information Portal Site (Japanese)**

Here you can check evacuation and weather information from the city during a disaster (<https://portal.bosai.city.shizuoka.jp/>)

***The Shizuoka City Association for Multicultural Exchange (SAME) uploads disaster information in multiple languages on their Helpline Shizuoka City Facebook Page**

<https://www.facebook.com/helpline.shizuokacity>

Let's Install Seismic Breakers!

The city subsidizes the installation of seismic breakers that turn off the electricity automatically when an earthquake is detected in order to prevent electric fires. Consult the Risk Management Division for more information.

www.city.shizuoka.lg.jp/s4268/s000385.html

The first place to bring the sick or injured during a major disaster is a first-aid center

Inquiries: Health, Hygiene & Medical Care Division

☎ 054-221-1332

During a disaster, local medical facilities and clinics will shut down and the doctors and nurses working there will be assigned to first aid centers set up at local public facilities. Sick or injured persons should go to their nearest first aid center to receive first aid.

Where are the first aid centers?

At local elementary and junior high schools, etc. See the city website for details

www.city.shizuoka.lg.jp/s9352/s000065.html

What kind of first aid can I receive?

Staff will assess your physical condition (triage system) and give emergency treatment. Those with severe symptoms requiring surgery will be treated at a general hospital.

Disposing of “Disaster-Related Garbage”

Inquiries: Garbage Reduction Division ☎ 054-221-1075

www.city.shizuoka.lg.jp/gomi/s012185.html

Disaster-related garbage refers to buildings destroyed by earthquakes and household items rendered unusable due to typhoons, flooding, etc. Please follow the following rules so that “disaster-related garbage” can be dealt with as swiftly as possible.

- **Wait for instructions from the city before putting out garbage.**

In the case of a large natural disaster, household garbage collection is expected to be suspended for around three days. Collection will be restarted sequentially, starting with burnable garbage such as food waste, diapers, and portable toilets (bags of excrement). For large garbage such as tatami mats and furniture, and non-burnable garbage such as glass and electric appliances, the city government will implement things like **door-to-door collections** and **temporary collection sites** in parks depending on the scale of the disaster and the damages to the city. Please wait for instructions from the city.

*These instructions will be given via a variety of means, such as the city website, city-wide speaker system, etc.

- **Separate your “disaster-related garbage” when putting it out.**

For swift removal, please separate your garbage when taking it to temporary collection sites.

- **Always be prepared!**

Keep clutter to a minimum by regularly throwing out unwanted items or selling them at recycling shops. Make sure your furniture and electric appliances are anchored to minimize damage during a disaster.
