

Make Use of the Garbage Separation Guidebook and the “Gomi Navi” App

This fiscal year, the City will not be sending out guidebooks on separating and throwing out garbage to each household. Please keep using the guidebook you already have. If you don't have a guidebook, they are available at ward offices, lifelong learning centers, and citizen's service corners. They are also available on the city website.

<https://www.city.shizuoka.lg.jp/gomi/s000668.html>

There is also a multilingual (Combined Japanese, English, Portuguese, Spanish and Chinese) version available as a hard copy and online.

Download the Official “Gomi Navi” Garbage Separation App

This handy app is full of useful features to solve all your garbage woes, and it's **available in English (if your phone language is set to English)!**

Shizumo-chan

Please put your garbage in the collection area by 8:30AM

Actual collection time varies due to factors such as traffic conditions and amount of garbage, but please put out your garbage in the designated area by 8:30AM on your neighborhood's collection day.

*Please refrain from putting out garbage on the day before collection, or during the night.

Please use up spray cans before disposal

Make sure spray cans are completely empty (do not make a hole in them), and separate them from other cans before disposing them on the monthly recycling day according to the rules for your neighborhood. See the guidebook for more information.

Inquiries:

Garbage Collection Division ☎ 054-221-1365

Numagami Garbage Disposal Center ☎ 054-264-1900

Shimizu Garbage Disposal Center ☎ 054-366-2751
