### Q&A

**Q:** My elderly mother isn't good at using a smartphone. Can I apply for her goods vouchers on her behalf?

**A:** Yes. A representative can apply and purchase vouchers on behalf of family members who do not have a smartphone, including children and elderly relatives, using their own smartphone. You will need to attach documents that verify the family members' full name, address, and date of birth (such as a My Number Card, driver's license, or a health insurance card with the address written on the back\*).

\*Address required.

**Q:** Can I use the app I used last year?

**A:** Yes, you can. If you already have an account, please log in and proceed with the voucher application. If you have withdrawn your membership, you will need to register as a new member.

**Q:** What happens if I change my smartphone model?

**A:** As long as your phone number remains the same, you can continue using the service by downloading the app and logging in on your new device.
