

Let's Be Prepared for a Tsunami

For safe evacuation from tsunamis, make a habit of confirming evacuation facilities and evacuation routes using the Tsunami Hazard Map.

- **Smartphone:** Shizuoka City Geographic Information System (Japanese)
<https://city.shizuoka.geocloud.jp>
- **Brochures (Japanese):** Available from the Risk Management Division (City Hall Shizuoka Office) or the Area Affairs Division at each Ward Office.

Create a “My Evacuation Plan”

This is a disaster awareness resource created jointly by the municipal and prefectural governments. Use the guide to easily confirm the necessary information and draw up your plan. Planning in advance ensures that you know when and where to evacuate in an emergency.

*Templates are available for areas likely to be flooded during a tsunami. Templates for all areas in the city are scheduled to be available by the end of FY2025.

FY2024 Tsunami Evacuation Drill

When: Sun 2 March 2024, from 10:00

Evacuating during a tsunami is a fight against time. Those living in areas likely to be flooded during a tsunami should please take this opportunity to confirm tsunami emergency evacuation areas, tsunami evacuation buildings, evacuation routes, and time required to evacuate, so that you can evacuate safely when time is limited.

Expected Inundation Areas (Areas in Which Drills Will Be Conducted)

Suruga Ward

Nakajima, Ozato Higashi, Miyatake,
Oya, Kuno, Osada Minami, Kawahara

Shimizu Ward

Tsuji, Ejiri, Irie, Hamada, Oka, Shimizu, Fujimi,
Komagoe, Orido, Miho, Sodeshi, Okitsu,
Kambara, Yui

Flow of Events:

Residents will be notified of the drill via Wireless Broadcast, Emergency Information Disaster Prevention Radio, and the Shizuoka City Disaster Prevention Email Service.

10:00 Earthquake Occurrence Drill

10:03 Major Tsunami Warning Announcement Drill

- Confirm your own safety and evacuate to a safe place immediately.
