

Join Your Local Residents' Association

The aim of residents' associations is for local residents to work together, help each other and form bonds within their communities, leading to a lively and pleasant city. These community bonds become especially important during emergencies such as natural disasters. We strongly encourage all residents of Shizuoka City to join their local residents' association.

Examples of residents' association activities:

- Disaster prevention, crime prevention, and traffic safety activities: For a safer city
- Environmental improvement activities: For a cleaner and more beautiful city
- Cultural and recreational activities: For a healthy, fun life
- Welfare activities and grant applications: To support each other
- Public information activities: To deliver lifestyle information to residents

See the city website for more information. (Multilingual pamphlet available)
