

Be Prepared for Windstorms and Flooding!

Inquiries: Risk Management ☎ 054-221-1241

Routine preparation is vital to effective evacuation. Use the Windstorm and Flooding Evacuation Decision Flowchart and identify the appropriate action to take during a disaster in advance. (<https://www.city.shizuoka.lg.jp/s4268/s000287.html>)

Check the Hazard Maps!

Is the area where you live colored in?

<https://www2.wagmap.jp/shizuoka-hazard-sp/>

Landslides: “Disaster Prevention Map” (防災マップ, *bosai mappu*)

River Flooding: “River Flooding Evacuation Map” (洪水ひなん地図, *kozui hinan chizu*)

Inland Flooding: “Flooding Evacuation Map” (浸水ひなん地図, *shinsui hinan chizu*)

Yes

If there is a risk of disaster, please evacuate to a friend's house, a local gathering place, or an Emergency Wind and Flood Damage Evacuation Area (<https://www.city.shizuoka.lg.jp/s4268/s000067.html>).

If there is no danger of your house collapsing, being flooded, or being washed away, you can wait at home until it is safe. This is called “home evacuation”. Make sure to prepare evacuation supplies in advance.

No

The colored-in areas are areas with a high level of danger from disasters. Please note that even areas that are not colored in can be affected by disasters, so please evacuate if necessary.
