Traffic Restrictions:

Traffic restriction will be implemented on the day, primarily along the Marathon Course. Those seeking services such as emergency medical attention on the day of the marathon should be aware of traffic restriction times. See the city website for details on restricted times and areas. This year we are introducing an “alternate route search system”. Those living near the marathon course should access the system via the URL below (available from Mon 10 Feb). Thank you for your understanding and cooperation and apologies for the inconvenience.
